

COUNTY NEWS

HEATH SPRING.

Special to The News.

Heath Spring, Oct. 7.—On the night of October 19, at 8 o'clock, the local Council Jr. O. U. A. M. will debate the query, "Resolved, That Heath Spring should install an electric light plant for the town." The debaters are, affirmative: W. C. Ellis, W. T. Stover and Rev. J. B. Weldon; negative: H. P. Mobley, Rev. J. W. H. Dyches and A. P. Horton. The public is invited.

Mr. O. C. Croxton, who recently accepted a position with the Enterprise Mercantile Company as bookkeeper, has removed his family here from Columbia, where they have resided for the past four years.

Mr. Walter F. Mobley left Tuesday for Fayetteville, N. C. He begins his third session as principal of the East-over school, near Fayetteville, at an early date.

Mrs. N. E. Small, and Robert, went to Jefferson Tuesday to spend a few weeks with relatives and friends.

Mrs. L. M. Bell returned Saturday from Seneca, where she made an extended visit to her daughter, Mrs. Joseph Stribling.

Mr. Melvin Stover returned to Charleston about a week ago to begin his third session as a student in the South Carolina Medical College.

The Rev. B. P. Mitchell, field editor of The Baptist Courier, was here Wednesday in the interest of that paper.

The Springs Banking and Mercantile Company has material on the ground for the erection of a large brick warehouse.

Mrs. Sallie Peach, after visiting her daughter, Mrs. S. J. Vincent, returned to her home at Westville, Tuesday.

Miss Annie Wilson of Lancaster is spending a few days with her sister, Mrs. D. D. Williams.

Mr. Glenn Mackey is in Charleston, where he has enrolled as a student in the Porter Military Academy.

The Charlotte boosters stopped for about fifteen minutes on their Sociability Tour through this section Thursday, and were given a warm reception by our business men and others.

Mr. W. B. Twitty returned Wednesday night from Columbia, where he went to look into the matter of putting on exhibition some of the Duroc Jersey hogs from the Twittville farm.

Mr. D. D. Williams, who went to Hagood Thursday morning, bought about one hundred bales of cotton while there.

Miss Mary Gooch of Lancaster has been the guest of Miss Alma Van-Landingham for several days past.

Messrs. A. F. Hammond, S. J. Vincent, W. T. Mobley, J. W. H. Dyches and C. E. Williams made the trip with the Charlotte Boosters to Kershaw and Camden, Thursday.

Much credit is due Policeman Vincent, and the town authorities at his back, for the good sanitary conditions and general good order prevailing in our quiet little town.

NOTES FROM MILL VILLAGE.

Tuesday night a daughter was born to Mr. and Mrs. Roy Adams. Mrs. Ethel Maree is very sick with fever.

Miss Kate Burgess has returned home from Columbia.

Mrs. Walden, mother of Mr. Jim Walden, has been very sick, but is some better now.

Mrs. John Hunter, who has been very sick, is some better now.

Mr. Frank Maree's cow had a narrow escape of breaking her neck by getting tangled and falling.

The little girl of Mrs. Maud Pittman had another attack of croup Monday night, but is some better now.

Rev. Mr. Key of Mt. Airy, N. C., is holding a meeting at the Second Baptist church.

Mr. Joel Bowers is in bad health. Mrs. M. J. Huey visited her daughter, Mrs. Ed Stogner, Sunday.

SCHOOL FUND DISTRIBUTED.

Lancaster County's Apportionment is \$523,52.

Columbia, Oct. 7.—Today the state department of education distributed among the counties \$25,717.16. Of this amount \$15,696.41 were derived from the income on the permanent school fund, and \$10,020.75 from the recent payment on the purchase price of some of the old state dispensary property.

The money was apportioned on the basis of enrolment for the scholastic year 1914-15.

Applications for the regular forms of state aid under the term extension law, the rural graded school law, and the high school law are now being received by the state superintendent from a number of the counties. Every school district participating in these appropriations cannot afford to lose this state aid for the session 1915-16, hence teachers and trustees should send in their applications through the office of their county superintendent without delay.

Lancaster county receives \$533.52, \$325.64 of which amount has been derived from the income on the permanent school fund and \$207.88 from the recent payment on the purchase price of some of the old state dispensary property.

A Clogged System Needs Attention.

Are you bilious, dizzy and listless? Dr. King's New Life Pills taken at once seizes upon constipation and starts the bowels moving naturally and easily. Moreover it acts without griping. Neglect of a clogged system often leads to most serious complications. Poisonous matters and a body poorly functioning need immediate attention. If you wish to wake up tomorrow morning happy in mind and entirely satisfied, start your treatment tonight. 25c a bottle. 2

FINE PLANTATION
FOR SALE

I am offering for sale many farming lands at prices ridiculously low. Probably I should not compare values one with another. However, I will say that I consider the famous Gregory-Stogner lands, located one-half mile northeast of town, the best 100 acres to be found in Lancaster county. Has good buildings, is well watered and especially adapted to alfalfa, grain and cattle raising.

Mr. Stogner has made up his mind to sell to some lucky man this fall. I would take pleasure in showing any one all over it.

What is more desirable than good land during either "good times" or "hard times"? Farm lands will never be cheaper than at present. Conditions warrant much higher prices soon.

Loyalty Pays a Dividend.

Abbeville Medium.

We read much in the public press today of "loyalty to our country."

It is well, for if any man on earth has reason to feel loyal to his country for benefits conferred, that man is the American citizen.

But there is another loyalty which ranks side by side with that of country, and that is "loyalty to home and home people."

We have a community here in which any people might feel a just pride and we have a people wholly on a par with the community, though there are times when we are neglectful of our interests and unmindful of the disintegrating consequences which invariably ensue.

Loyalty always pays its dividend, but loyalty to home and home people pays a double dividend.

Let us be loyal to country by all means, but let us be doubly loyal to our home people and our home institutions, for it is by this means only that we may thrive, and flourish, and grow as a collective unit in the marts of the world.

Good Enough to Pass On.

Exchange.

It is a good rule in life to appeal always to the highest and to the best in one's fellowman. We saw the other day where a big town out in Indiana had some road signs which read in the usual commendatory style. They told of speed limits and fines. But these were taken down and replaced with others that make an appeal to the milk of human kindness in the heart of the infatuated automobilist. On the side of every sign seen as one approaches the city they read, "Don't Speed, Look out for Little Children." And on the side seen by persons leaving the city they read, "Thank You."

That looks to us irresistible.

The Toad.

Ohio Agricultural College.

The toad lives from 10 to 40 years, and it can lay over a thousand eggs a year. It has lived two years without food, but cannot live long under water. It never takes dead or motionless food. It captures and devours wasps, yellow-jackets, ants, beetles, worms, spiders, snails, bugs, grasshoppers, crickets, weevils, caterpillars, moths, etc. In 24 hours the toad consumes enough food to fill its stomach four times. A single toad will in three months devour over 10,000 insects. If every ten of these would have done one cent damage the toad has saved \$10. Evidently the toad is a valuable friend to the farmer, gardener, and fruit-grower, and can be made especially useful in the greenhouse, garden, and berry patch.

Give the Women a Chance.

Why have our women not taken more interest in advancement in the mills? We can see no reason why they cannot fill certain positions as well as men.

In a short while our "Who's Who" column will contain the story of a young lady who is overseer of a cloth room in this state and who is doing the work well. This position, which is largely clerical, ought to be open to women the same as men.

And why couldn't a woman design cotton cloth as well as a man? It strikes us that, with the proper training, she could do it better.

There are other places she could fill as well as men.

If our women must work in the mills, then give them a chance at the better jobs.—Mill Life.

Sell-a-Bale.

Join the "Sell-a-Bale movement" and pay up some of those ancient accounts.—Anderson Intelligencer.

YORK COUNTY FAIR.

Special Train Will be Operated Next Thursday for the Event.

Rock Hill, Oct. 6.—Mr. S. H. McLean of the Southern Railway is in Rock Hill today conferring with the York County Fair Association as to the special train service during the fair, October 13th to 16th. After a telephone conversation with Secretary Ellison of the Lancaster Chamber of Commerce, the secretary of the fair association secured the consent of Mr. McLean to operate a train leaving Lancaster at 10 o'clock on Thursday, October 14th. This is probably the biggest day at the York county fair. Returning the special will leave the fair grounds at Rock Hill at 9:20 p. m.

On Thursday, which is known as Farmers' Day, the races will be especially good. Horses from both Carolinas have been entered and the purse will be won only after many heats have been run.

The free attractions consist of Sensational Smithson in his death-defying leap of death through space on a bicycle; the famous London Hippodrome Roman standing and chariot races, the great Devilbiss in several high-wire comedy acts, and an educated horse. An interesting feature also will be a high-diving pony, the first seen in this section.

The shows and riding devices are the best available. The exhibits are being prepared all over the county and in some sections of nearby counties and taken all in all, the occasion will be an educational and entertaining feast, valuable to every person, no matter how varied may be his tastes.

During the past month there have been over two hundred and fifty people who have visited Rock Hill for the purpose of inspecting the beautiful alfalfa fields near the fair ground. The present occasion will afford all an opportunity to see this 160 acre plot, which now looks unusually well since the recent rains.

How Good Roads Help.

There is no doubt that good roads tend to prosperity to the farmers who live on them. Their teams are not worn out with the effort to pull a light load over a bad road, for they easily take a large one to market and save not only the strength of the team and wear of the wagon, but what is of more importance still, the time of the owner.

He gets his product to market more cheaply and that item alone tends to more prosperity. Then, too, the value of his land is increased by the fact that it is on a well-made and well-kept road, for the heaviest tax a farmer pays is bad roads.

Good roads help not only the farmer by enabling him to market his produce when the market is highest but they also help the merchant, the railroad company—in fact, every individual in the country is either directly or indirectly benefited.

The public highway and its improvements is one of the important things to take into consideration in planning next year's work. Work on the road along your farm is just as important as work in the field.—Rock Hill Record.

Come To The
YORK COUNTY FAIR
Rock Hill, S. C.

October 13, 14, 15, 16, 1915.

THE SOUTHERN
RAILWAY

Will run a Special Train, for accommodation of visitors, on Farmers' Day, Thursday, October 14, as below:
